

PMASUP236

Operate vehicles in the field

Course Description:

This program is designed to develop preventative 4WD skills by aligning techniques to Worlds Best Practice. Our Instructors train and then assess each participant to a required standard of compliance with a client's company driving and motor vehicle policies to identify competency and capability. This program develops the attributes and handling characteristics of a typical 4 Wheel Drive in accordance with specific regulations. We formulate driving techniques to safely operate a 4WD on sealed and unsealed road surfaces and various terrain on land transportation activities within field operations. Another elements of the practical training includes how to safely operate a 4 Wheel Drive in 'off road' conditions and be able to self recover an immobilised vehicle by driver technique or / and with the use of recovery equipment.

Duration:

- 1 Participant – One full day (7.00am – 5.30pm)
- 2 - 3 Participants - Two full days (8.30am – 4.30pm)

Vehicle Requirements:

One registered and road worthy vehicle is required for the day.

Cost:

- 1 Person - \$900 GST NA
- 2 People - \$1600 GST NA
- 3 People - \$1950 GST NA
- \$175 + GST per vehicle supply if required
